

THE TOLLYGUNGE CLUB LTD.

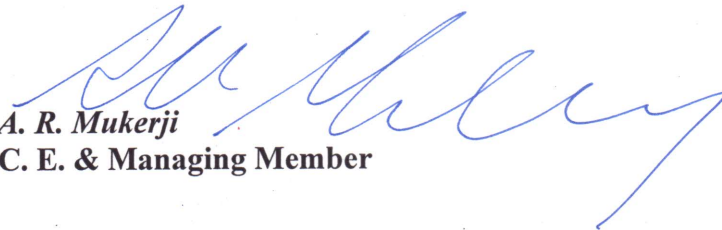

Reopening of Library

Dear Members,

We are pleased to announce that the Library at Tolly will be opening from Saturday, the 26th June 2021. The operating hours will be from 11:30 am to 6:00pm. The Library will be operational from Tuesday to Sunday but closed on Mondays.

Certain safety protocols will be in place to reduce the risk of infection for members:

- Members are requested to hold the books up for scanning, both for returning and borrowing books. The librarians will not be handling books. A pen will be kept for members to write out the return date on the slip as advised by the librarian.
- Both the Drop boxes will be shifted upstairs into the Library. Members returning books will have to get them scanned and then drop them into the designated box or on a separate table, where they will remain for 48 hours before being taken out and put back into circulation.
- No more than 3 members will be permitted at a time inside the library.
- Reading inside the library is being suspended for the time being.
- Members must sanitize hands before entering the library. Sanitizers will be kept outside the library, and also with the librarians, who will each have a bottle on their table.
- As there are no fans inside the library, the Air-conditioners will be kept at 25°, with periodic rests, when the windows can be opened for fresh air.
- At all times Covid protocols of physical distancing and wearing of masks must be adhered to.
- Please do cooperate with the librarians in following the norms laid down for the library.
- Members may use the club facilities at their own risk and liability
