Update on HDFC Bank ATM Services

Dear Members,

We would like to provide an update regarding the **HDFC Bank ATM** located within the Club premises.

The ATM has been undergoing a mandatory software encryption process as part of an automatic system upgrade, in strict adherence to **RBI and PCI DSS security standards**.

While the bank initially expected the system to be operational this morning (**27th February 2026**), the final encryption and security synchronization are still being finalized. As per Latest update the final security checks are in progress. The ATM is expected to be fully operational by the **morning of 28th February 2026**.

The Club Management is in constant communication with **HDFC Bank authorities** to ensure the service is restored at the earliest. We appreciate your patience as these essential security protocols are completed to ensure your transactions remain safe and secure.

We sincerely regret the inconvenience caused to our members.
